FISHING

If it is fishing you like, we have a trip that is sure to please.

We are offering trips into the High Uinta Mountains for exceptional fishing in high altitude lakes. These lakes

sit between 10,000 and 12,000 feet in elevation. These trips offer world class fishing for fish like

Fishing in the Uintas

home. Ride trails the outlaws rode and see the hide-outs they stayed in.

See old stagecoach

brookies, cutthroats and rainbows. These lakes are situated in pristine surroundings with abundant wildlife. You are in the pines and quakies surrounded by running streams. It is very relaxing and a great place to just get away from it all. We can even get you to the base of the highest peak in Utah, King's Peak (elev. 13,528').

Since this is a wilderness area there are no motorized vehicles allowed, so you either hike or ride horses to these lakes and streams. If you don't fish, don't worry. This trip is great for sight-seeing, photography, horseback riding or backpacking in the beautiful wilderness.
